SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

We are enclosing a copy of a Communication dated February 27, 2006 issued in the corresponding EP Application 04 019306.2 listing the patents enclosed with the Search Report in the EP application. On November 19, 2005, applicants presented a list

of patents and/or publications accompanying the Communication of the EPO dated October 31, 2005.

This citation of references is not a representation that these references constitute prior art and/or a complete or exhaustive listing of the prior art. It is simply a voluntary citation of references which is not intended to serve as a substitute for the Examiner's search and is made to assist the Examiner in making as thorough a search as possible.

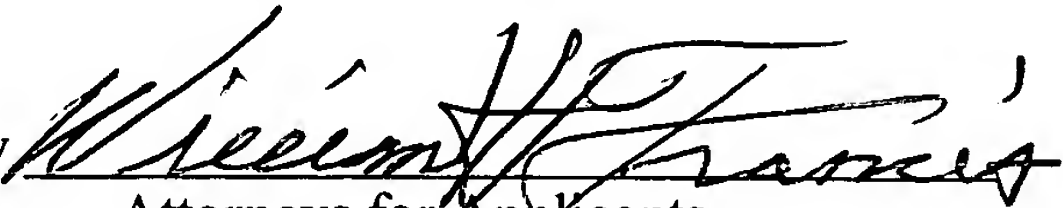

The enclosed Communication listed additional patents or publications in a Search Report and we are only enclosing at this time copies of patents not previously furnished.

This application was allowed on February 24, 2006 and the newly cited references were received by applicants' attorneys on March 13, 2006. Therefore, we believe this Supplemental Information Disclosure Statement is being filed in a timely manner and no fee is due at this time.

However, if the Patent Office determines that a fee is due, it is hereby authorized and respectfully requested that any fees due be charged to our Deposit Account 50-852.

Respectfully submitted,
